“ My condolences to Ms. Lillie's family and friends. I had the pleasure of meeting her in the early 90's,when she guided me through the internship program at the USDA. She was a class act...professional, caring, and dedicated to her work and the young students that she hired. She will be sorely missed.

“ It was with great sorrow that I learned of Lillie's passing. I had the true pleasure of working with Lillie at USDA. She was such a wonderful person. We had many great discussions of kids, grandkids, and other family matters. Lillie was terrific at what she did and did it with such grace and joy. Please know that many of us benefited by having the opportunity to know and work with Lillie.

“ I am so sorry for your loss. Lillie was a wonderful, gentle and generous woman. I only knew her briefly and I know how I miss her, I can only imagine how difficult for you who have known her for so much longer. Be assured of my continued prayers during this time of grief. I hope you find consolation in the belief that her passing took her to her home with a loving and wonderful God.

“ To The Westbrooks Family: When Lillie worked at the Department of Agriculture, we would hug each other and chat for a few minutes when we saw each other in the hallway. She was always talking about her wonderful family and how she was looking forward to having grandchildren. I have missed those precious moments with her. Mr. Westbrooks was my former Supervisor. Lillie was so precious and her quiet soft voice was priceless. She was a beautiful person. May the Lord Jesus Continue to Bless and Keep you.
